

M. Fahril Ilmi

Gameplay & Tools Programmer (Unity)

Game Technology student at PENS and co-founder of A FAIR Studio. I build gameplay systems and Unity editor tools, and have shipped two games on Steam. Looking for a Unity programming internship.

SELECTED PROJECTS

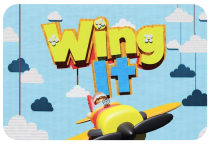

Little Mayor

City builder, team of 5, 2026

2nd Place, Gameseed 2026

- Lead gameplay programmer: grid, multi-pass A* pathfinding, building placement and resident AI.
- Goods economy with stock reservations, plus a custom URP outline renderer light enough for WebGL.

WING-IT

Shoot-'em-up, team of 5, 2025-26

1st Place and Best Visual, GIMERSIA 2025 · Released on Steam

- Multi-phase boss framework and an Inspector-driven attack sequencer, shared by both bosses.
- Pooled bullets and enemy waves, six weapons, co-op boss targeting and gamepad-friendly menus.

store.steampowered.com/app/4201740

Zero One Protocol

Co-op platformer, team of 5, 2025-26

Finalist, GEMASTIK XVIII · Released on Steam

- Multi-gamepad co-op input (keyboard, separate gamepads, touch) with disconnect fallback.
- Steamworks.NET leaderboards and achievements; builds for Windows, Steam Deck, macOS, Android, iOS.

store.steampowered.com/app/4138940

Ice Tea Tycoon

Tycoon sim, team of 5, 2025

1st Place, KMIPN VII 2025

- Customer simulation: demand and pricing model, NavMesh customers and queues.
- Balancing tool that scored all 1,400 recipe combinations.

UNITY TOOLS (SOLO, 2026)

Auto Collider

GitHub

Editor package that picks the cheapest fitting collider in 3D and 2D, with its own convex decomposition and 223 automated tests.

LitMotion Tween Editor

GitHub

Inspector timeline for building tween animations, with an exact edit-mode preview and 390+ automated tests.

OTHER PROJECTS

The Infinite Tower (rune puzzle engine), Green Ops (procedural trash terrain and sorting plant), Timesweeper (solo jam game, HLSL tile shader), Numo (mobile math puzzle), Torch It! (5-day jam platformer).

EXPERIENCE

Co-Founder & Programmer

A FAIR Studio, Surabaya · 2025-present

Programmer on the studio's games: 2 on Steam, 6 awards. a-fair.com
